

KIA SPORTAGE 2011 - 2016

Our ref: H0534

Packing requirements

CARGO LINER

- Minimum of 18 self-adhesive loop fastener tabs

LIFTGATE COVER

- Minimum of 18 self-adhesive loop fastener tabs

Photo shows a Rear Plus cargo liner prepared for a Bumper Flap

VERY IMPORTANT PREPARATION

To ensure a good bond, when using the self-adhesive hook & loop fasteners to attach the cargo liner to the plastic / metal trim (Not the carpet); it is most important to remove silicone film from the vehicle trim. Silicone is applied during manufacture and can also be found in many detailing products. It is highly likely there will be a build-up of silicone. Before applying any self-adhesive fastener pads, the surface **MUST** be thoroughly cleaned using a silicone remover. (The fasteners cannot be used once they have been in contact with silicone). We recommend Intensive Tar Remover made by AutoGlym. Wipe off thoroughly any residue with a separate clean dry cloth.

Unfortunately we are unable to supply this product, as it cannot be transported via our postal carrier.

NOTE: the adhesive takes 24hrs to reach full adhesion, do not touch during.

PREPARATION

- Remove the cargo cover cassette, it can be replaced later.
- Unfold the Hatchbag and place in the vehicle so that the base fits snugly in position. The panel with the Hatchbag label sits against the back of the rear seat.

INSTALLATION

Please note the following photos are not specific to your vehicle.

BASE

- Hook fasteners attach directly to the carpet.

FRONT

- Hook & loop fastener straps align to headrests.
- Pass around each post and fasten close back onto themselves.

REAR PLUS VERSIONS

- **YOU MUST UNFASTEN THE HOOK & LOOP FASTENER AND THE HEADREST STRAPS BEFORE YOU FOLD THE UPPER PARTS OF THE REAR SEATS.** (Please refer to REAR PLUS options on website to see detailed photos)

SIDES

- Carefully position the side panels snugly into place. Use the self-adhesive loop fastener to attach the side to the plastic trim.

OPTIONAL EXTRAS

FREQUENT USE INSTALLATION KIT

If you frequently remove/install your Cargo Liner from/to your vehicle, please note that the carpet may “fluff” up. We offer an alternative Frequent Use Installation Kit.

The Frequent Use Installation Kit is available to buy from our online store. Simply add it to your order from the store.

LIFTGATE COVER

- Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

Please note this photo is not specific to your vehicle.

BUMPER FLAP

- Attach the Bumper Flap to the loop fastener strip that has been manufactured into the base of the cargo liner.
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the liftgate.
- Please note that the edges of the fabric are not bound so that any mud, dirt, or water can run

CARGO LINER EXTENSION

The Cargo Liner Extension provides superior protection to the rear seats when purchased with a REAR PLUS option.

- The Cargo Liner Extension is designed to attach to a Rear Plus version liner.
- It provides additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
It does not offer full protection to the rear doors

(This item cannot be added at a late date)
