

PORSCHE MACAN - 2015-2024

Our ref: Ho632

PACKAGING REQUIREMENTS.

CARGO LINER

- **2x 400 mm** 20mm wide self-adhesive loop fastener
- **7x tabs** self-adhesive loop fastener

LIFTGATE COVER

- **21 x tabs** self-adhesive loop fastener

CARGO LINER WITH REAR SPLIT OPTION

VERY IMPORTANT PREPARATION

To ensure a good bond, when using the self-adhesive loop fastener to attach the cover to the plastic trim it is most important to remove silicone film from the vehicle trim. Silicone is applied during manufacture and can also be found in many detailing products. It is **highly likely there will be a build-up of silicone**. Before applying any loop fastener pads, the surface **MUST be thoroughly** cleaned using a silicone remover. (The hook & loop fastener cannot be used once it has been in contact with silicone). We recommend Intensive Tar Remover made by AutoGlym. Wipe off thoroughly **any residue with a separate clean dry cloth**.

NOTE: the adhesive takes 24hrs to reach full adhesion – do not touch during.

STEP I. PREPARATIONS

- Remove the cargo cover. It may be replaced later.

STEP 2. INSTALLING BASE

- Place the cargo liner into the cargo area with the Hatchbag logo at the seat end. Flatten the base so it fits snugly against the edges. The hook fastener on the back side of the liner attach directly to the carpet. (Image A)

STEP 3. INSTALLING THE FRONT

- PLUS / SPLIT VERSION ONLY - Fasten the hook & loop fastener between the side panels and seat panel. (Image B)
- Starting with the middle headrest, loop the hook & loop fastener straps around both headrest posts. (Image C). Make sure to hold the front part of the base in position to avoid pulling the Hatchbag too far up. Repeat the procedure with the left and right headrests.

REAR PLUS VERSIONS

You MUST unfasten the hook & loop fastener and the headrest straps before you recline the upper parts of the rear seats. (Please refer to REAR PLUS / SPLIT options on website to see detailed photo)

STEP 4. INSTALLING THE SIDES AND BACK

- Position the offside pocket into the recess behind the net. The 2 strips of hook fastener will attach directly to the carpet in front of the net. Take care not to catch the net with the hook fastener. (Image D)
- Reposition the rest of the side panels and attach the hook fastener on the top edge of the sides of the liner directly on the top edge of the carpeted sides of the cargo area. (Image E+F+G)

STEP 4. CONTINUED

-  Stick the 3 self-adhesive loop fastener tabs onto the plastic panel located at the liftgate end of the side of the cargo area, aligned with the 3 hook fastener patches on the back side of the cargo liner. (as indicated by the white arrows in **Image H**) Repeat on opposite side.
-  Attach the 400mm long self adhesive loop fastener strips onto the plastic either side of the liftgate lock (**Image I**)
-  Stick the one self-adhesive loop fastener tab onto the plastic panel behind the liftgate lock, aligned with the hook fastener patch on the back side of the Cargo liner. (See Orange arrow in **Image I**)
- Attach the hook fastener on the base of the liner to this loop fastener.

OPTIONAL EXTRAS

Please note the following photos are not specific to your vehicle

STEP 5A. LIFTGATE COVER

- Line up the liftgate cover with the liftgate and clean the areas where the self-adhesive loop fastener tabs will be stuck. (Image 1)
- Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

STEP 5B. BUMPER FLAP

- Install Cargo liner
- Attach the Bumper Flap to the loop fastener strip that has been manufactured into the base of the cargo liner.
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the liftgate. (Image 2)

OPTIONAL EXTRAS page 2

Please note the following photos are not specific to your vehicle

STEP 5D. CARGO LINER EXTENSION

The Cargo Liner Extension provides superior protection to the rear seats when purchased with a REAR PLUS option.

- The Cargo Liner Extension is designed to attach to a Rear Plus version liner.
- It provides additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
- It does not offer full protection to the rear doors.

The Bumper Flap and the Cargo Liner Extension cannot be added at a later date.

STEP 5E. FREQUENT USE INSTALLATION KIT

- If you frequently remove/install your Cargo liner from/to your vehicle, please note that the carpet will “fluff” up. We offer an alternative Frequent Use Installation Kit.

The Frequent Use Kit is available to buy from our online store. Simply add it to your order from the store. The kits can also be ordered at a later date.
