- **2x 890 mm** 30mm wide self-adhesive loop fastener
- **4x tabs** self-adhesive loop fastener

LIFTGATE COVER

- **26 x tabs** self-adhesive loop fastener

5 seater - Split cargo liner prepared for bumper flap

### VERY IMPORTANT PREPARATION

To ensure the self-adhesive hook & loop fasteners stick to the plastic trim, you **MUST CLEAN** all grime from the plastic and **REMOVE** all **SILICONE** applied during manufacture and detailing.

#### To do this please:

1. Use a silicone remover, such as AutoGlym Intensive Tar Remover, and apply generously to the surface you want to adhere to.
2. Using a separate clean, dry cloth, thoroughly dry the surface until the cloth starts to drag. Attach one self-adhesive fastener tab to see if it sticks. (Repeat steps 1 and 2 if necessary.) Extra tabs have been provided.
3. Attach the self-adhesive fasteners and let them fully adhere over the next 24 hours for the best bond.

*\*The self-adhesive fasteners cannot be used once they have been in contact with silicone. Replacement kits are available on our website.*

## STEP 1. PREPARATIONS

- Remove the cargo cover. It may be replaced later.
- Slide the 2nd row seats as far back to the tailgate as possible. (Image A)
- Set the seats to a position as indicated by Image A (90 mm gap between the load cover slot and the seat back)

## STEP 2. INSTALLING THE BASE

- Place the Cargo liner in the cargo area with the Hatchbag logo at the seat end. Flatten the base so it fits snugly against the edges. The hook fasteners on the back side attach directly to the carpet. (Image B)

## STEP 3. INSTALLING THE FRONT

- - PLUS / SPLIT VERSION ONLY - Fasten the hook & loop fasteners between the side panels and the seat panel. (Image C)
- Starting with the middle headrest, loop the hook & loop fastener straps around both headrest posts. (image D). Make sure to hold the front part of the base in position to avoid pulling the cargo liner too far up. Repeat the procedure with the left and right headrests.

### REAR PLUS VERSIONS

You **MUST** unfasten the **HOOK & LOOP FASTENERS** and the headrest straps before you recline upper parts of the the rear seats. (Please refer to **REAR PLUS / SPLIT** options on website to see detailed photo)

## STEP 4. INSTALLING THE SIDES & BACK

Attach the 550mm long self adhesive loop fastener onto the side panel just below the load cover cassette slots and the 3rd row seats release latch as indicated in blue. (Image E)

- Fasten the hook fasteners sewn on the top edge of the cargo liner to the previously attached loop fastener.

Attach 2 self adhesive loop fastener tabs as highlighted in green, aligned with the hook fasteners on the top sides of the cargo liner. (Image E)

Stick the 890mm long self adhesive loop fastener to the liftgate edge of the cargo area starting from the lock in the middle running and along the plastic panel and up along the sides (as indicated in yellow image F). Snip the fastener strip in the corners to ease around the curve. Attach the cargo liner to it using the hook fastener on the liner. (Image G)

- Repeat on the opposite side (Image H)

*Please note: the following photos are not specific to your vehicle*

## STEP 5A. LIFTGATE COVER

- Line up the liftgate cover with the liftgate and clean the areas where the self-adhesive fastener tabs will be stuck. (Image 1)

Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

## STEP 5B. BUMPER FLAP

- Install the Cargo Liner
- Attach the Bumper Flap to the loop fastener strip located at the base of the cargo liner. (Image 2)
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the liftgate.

## STEP 5C. CARGO LINER EXTENSION

The Cargo Liner Extension provides superior protection to the rear seats when purchased with a REAR PLUS option. (Image 3)

- The Cargo Liner Extension is designed to attach to a Rear Plus / Split version liner.
- It provides additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
- It does not offer full protection to the rear doors
- Attach the Cargo Liner Extension to the main Cargo liner. (Image 3)

*The Bumper Flap and the Cargo Liner Extension cannot be added at a late date*
