

Tesla Model 3 - 2017 Present

Our ref: H0824

INSTALLATION KIT CONTENTS:

- CARGO LINER
 - 2 x 240 mm 30mm wide self-adhesive loop
 - 3 x tab self-adhesive loop fastener
- LIFTGATE COVER
 - 21 x tab self-adhesive loop fastener

Rear Plus with Seat Split cargo liner prepped for a cargo liner extension and bumper flap.

VERY IMPORTANT PREPARATION

To ensure the self-adhesive hook & loop fastener stick to the plastic trim, you **MUST CLEAN** all grime from the plastic and **REMOVE** all **SILICONE** applied during manufacture and detailing.

To do this please:

1. Use a silicone remover, such as AutoGlym Intensive Tar Remover, and apply generously to the surface you want to adhere to.
2. Using a separate clean, dry cloth, thoroughly dry the surface until the cloth starts to drag. Attach one self-adhesive fastener tab to see if it sticks. (Repeat steps 1 and 2 if necessary.) Extra tabs have been provided.
3. Attach the self-adhesive fasteners and let them fully adhere over the next 24 hours for the best bond.

**The self-adhesive fasteners cannot be used once they have been in contact with silicone. Replacement kits are available on our website.*

STEP 1. PREPARATIONS

- **PLUS / SPLIT VERSION ONLY** - Fasten the hook & loop fasteners between the side panels and the seat panel. (Image A)
- Fold the rear passenger seats.

Image A

STEP 2. INSTALLING THE BASE

- Place the cargo liner into the cargo area with the Hatchbag logo at the seat end. Flatten the base so it installs snugly against the edges. The hook fasteners on the underside attach directly to the carpet. (Image B)

Image B

STEP 3. INSTALLING THE BACK

- On both sides of the cargo stick the following loop fasteners in line with the hook fasteners sewn & welded on the reverse side of the cargo liner as highlighted on (Image C, D & E)
-  ● Green 240 mm loop fastener
-  ● Yellow 3 x tabs self-adhesive loop fasteners
- Stick the *240mm self-adhesive loop fasteners* onto the plastic panel located on both sides at the Liftgate end of the cargo (highlighted in green - image F).
 - Stick 1 self-adhesive fastener tab to the inside center of the back panel, aligned with the hook fastener on the back panel of the cargo liner. (highlighted in yellow - Image D)
 - Fasten the cargo liner to them using the hook fastener sewn and welded on the reverse side of the cargo liner.

STEP 4. INSTALLING THE SIDES

- Fasten the hook fastener sewn and welded onto the top edge of the cargo liner side directly onto the top edge of the carpeted cargo sides. (image F)
- Push the liner into the pockets (green arrow - image G)
- Fasten the hook fastener sewn and welded onto the back edge of the cargo liner side directly onto the back edge of the carpeted cargo sides.
- To easily install the liner. First install the back part of the liner as shown in image F & G. Then with the rear seats folded, install the front part of the cargo liner side. (image H).
- Once completed both sides, it should look like image I.

STEP 5. INSTALLING THE FRONT

- Fold the seats back. (image J)
- Ensure the liner at the front is snug install around the edges.
- Fasten the hook fastener sewn and welded onto the top edge of the cargo liner front directly onto the top edge of the carpeted seat panels. (image K)

OPTIONAL EXTRAS

Please note: not all of the photographs are specific to your vehicle.

STEP 6A. LIFTGATE COVER

- Line up the Liftgate cover with the Liftgate and clean the areas where the self-adhesive loop fastener tabs will be stuck. (Image 1)

Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

STEP 6B. BUMPER FLAP

- Install the cargo liner
- Attach the Bumper Flap to the loop fastener strip located at the base of the cargo liner. (Image 2)
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the Liftgate.

OPTIONAL EXTRAS PAGE 2

Please note: not all of the photographs are specific to your vehicle.

STEP 6C. CARGOLINER EXTENSION

The Cargo liner extension provides superior protection for the rear seats when purchased with a REAR PLUS option.

- The Cargo liner extension is designed to attach to a Rear Plus/Split version liner.
- It provides additional protection for the back of the front seats and the extended floor area when the rear seats are folded flat.
- It does not offer full protection to the rear doors
- Attach the Cargo liner extension to the main cargo liner (Image 3)
- Fasten the two ties in the corner together (Orange arrows - Image 4)
- Fasten the hook & loop fastener straps around the headrest. (Blue arrows - Image 4)
- Attach the Velcro tab welded directly to the carpet on the cargo side (Green arrow - Image 5)
- Repeat on opposite side

Please Note: the Bumper Flap & the Cargo liner Extension cannot be added at a later date.

STEP 6D. FREQUENT USE KIT

- If you frequently remove/install your cargo liner from/to your vehicle, please note that the carpet will “fluff” up – we offer an alternative Frequent Use Installation Kit. These tabs are placed between the cargo liner and the cargo carpet.(Image 6 & 7)

The Frequent Use Installation kit is an accessory available to purchase from our on-line store.
