Our ref: H0617

PACKAGING REQUIREMENTS.

☐ CARGO LINER

- 6 x tabs self-adhesive loop fastener

☐ LIFTGATE COVER

- 22 x tabs self-adhesive loop fastener

Photo: Raised Floor, Split Seat Version

Photo: floor removed, Standard Version

VERY IMPORTANT PREPARATION

To ensure a good bond, when using the self-adhesive hook & loop fastener to attach the cover to the plastic trim it is most important to remove silicone film from the vehicle trim. Silicone is applied during manufacture and can also be found in many detailing products. It is **highly likely there will be a build-up of silicone**. Before applying any self-adhesive fastener pads, the surface **MUST be thoroughly** cleaned using a silicone remover. (The fasteners cannot be used once they have been in contact with silicone). We recommend Intensive Tar Remover made by AutoGlym. Wipe off thoroughly **any residue with a separate clean dry cloth.**

NOTE: the adhesive takes 24hrs to reach full adhesion – do not touch during.

STEP 1. PREPARATIONS

- Remove the cargo cover. It may be replaced later. (image A)

RAISED FLOOR

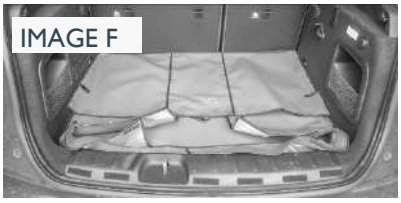
- Please make sure the false floor is inserted to the highest (3rd) level flush with the liftgate opening (Image B)
- Please recline your seats to the reclined position as shown in Image D

LOWERED FLOOR

- Please remove and store the false floor (Image C). It cannot be replaced later.
- Please recline your seats to the reclined position as shown in Image D

STEP 2. INSTALLING THE BASE

- Place the Cargo liner into the cargo area with the Hatchbag logo at the seat end. Flatten the base so it fits snugly against the edges. (Image F)



REMOVED FLOOR OPTION ONLY

- Push the lowered floor section of the Cargo liner into the lowered floor compartment of the cargo area and push it snuggly into the corners. (Image G)

STEP 3. INSTALLING THE FRONT

- - PLUS / SPLIT VERSION ONLY - Fasten the hook & loop fasteners between the side panel and the seat panel. (Image H)
- Starting with the middle headrest loop the hook & loop fastener straps around both headrest posts. (Image I). Make sure to hold the front part of the base in position to avoid pulling the Hatchbag too far up. Repeat the procedure with the left and right seat.

REAR PLUS VERSIONS

You MUST unfasten the hook & loop fasteners and the headrest straps before you recline the upper parts of the rear seats. *(Please refer to REAR PLUS options on website to see detailed photos)*

STEP 4. INSTALLING THE SIDES

- Position the sides of the Cargo liner so that the top edge lies under the ridge, approx. 1mm down from the carpet edge. (Image J)
- Attach the Cargo liner to the rear plastic lip using the self-adhesive loop fastener provided by lining up the hook fasteners on the Cargo liner to the correct position. These areas are shown in Image K

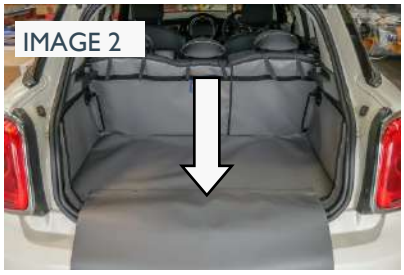
OPTIONAL EXTRAS

Please note the following photos are non-specific to your vehicle

STEP 5A. LIFTGATE COVER

- Line up the liftgate cover with the liftgate and clean the areas where the self-adhesive fastener tabs will be stuck. (Image 1)
- Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

STEP 5B. BUMPER FLAP



- Install Cargo liner
- Attach the Bumper Flap to the loop fastener strip located at the base of the cargo liner. (Image 2)
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the liftgate.

OPTIONAL EXTRAS page 2

Please note the following photos are non-specific to your vehicle

STEP 5C. FLOOR EXTENSION

The "Floor extension" offers superior protection to the rear seats when purchased with a REAR PLUS option.

- The Floor extension is designed to attach to a Rear Plus version liner.
- It offers additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
- It does not offer full protection to the rear doors.

IMPORTANT NOTE:

The Bumper Flap and the Cargo Liner Extension cannot be added at a later date

STEP 5D. FREQUENT USE INSTALLATION KIT

- If you frequently remove/install your Cargo liner from/to your vehicle, please note that the carpet will "fluff" up. We offer an alternative "Frequent Use Installation Kit"

The Frequent Use Kit is available to buy from our online store. Simply add it to your order from the store. The kits can also be ordered at a later date.
