VERY IMPORTANT PREPARATION

To ensure the self-adhesive hook & loop fastener stick to the plastic trim, you **MUST CLEAN** all grime from the plastic and **REMOVE** all **SILICONE** applied during manufacture and detailing.

To do this please:

1. Use a silicone remover, such as AutoGlym Intensive Tar Remover and apply generously to the surface you want to adhere to.
2. Using a separate clean & dry cloth, thoroughly dry the surface until the cloth starts to drag. Attach one self-adhesive fastener tab to see if it sticks. (Repeat steps 1 to 2 if necessary) Extra tabs have been provided.
3. Attach the self-adhesive fasteners and let them fully adhere over the next 24 hours for the best bond.

**The self-adhesive fasteners cannot be used once they have been in contact with silicone. Replacement kits are available on our website.*

Please note not all of the photographs are specific to your model

STEP 1. PREPARATIONS

- Remove the cargo cover. It may be replaced later.

STEP 2. INSTALLING THE BASE

- Place the Cargo liner into the cargo area with the Hatchbag logo at the seat end. Flatten the base so it fits snugly against the edges. The hook fasteners on the back side attach directly to the carpet. (Image A)

STEP 3. INSTALLING THE FRONT

- - PLUS / SPLIT VERSION ONLY - Fasten the hook & loop fasteners between the side panels and the seat panel. (Image B)
- Starting with the middle headrest, fasten the hook & loop fastener straps around both headrest posts. (Image C). Make sure to hold the front part of the base in position to avoid pulling the cargo liner too far up. Repeat the procedure with the left and right headrests.

REAR PLUS VERSIONS

You MUST unfasten the hook & loop fasteners + the headrest straps before you recline the upper parts of the rear seats. *(Please refer to REAR PLUS / SPLIT options on website to see detailed photo)*

STEP 4. INSTALLING THE SIDES

- Attach the hook fastener on the top edge of the side of the liner directly to the top edge of the carpeted sides. (Image D & E)

INSTALLING THE BACK

- Stick the 330mm long loop fastener onto the plastic panel located on either side of the lock at the liftgate end of the cargo area. Attach the cargo liner to it using the hook fastener welded onto it. (Image F)
- Stick one self-adhesive fastener tab on the center inside of the back panel, aligned with the hook fastener on the back panel of the cargo liner. (arrow - Image G)

IMAGE F

- For a more secure fit, we have included 6 frequent use tabs that have hook fastener on one side and loop on the other. These are placed between the carpeted sides of the cargo area and the cargo liner. We recommend you use these on the rear sides of the cargo area (yellow arrow image D & E)

OPTIONAL EXTRAS

Please note: the following photos are not specific to your vehicle

STEP 5A. LIFTGATE COVER

- Line up the liftgate cover with the liftgate and clean the areas where the self-adhesive loop fastener tabs will be stuck. (Image 1)

Use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

STEP 5B. BUMPER FLAP

- Install Cargo liner
- Attach the Bumper Flap to the loop fastener strip located at the base of the cargo liner. (Image 2)
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the liftgate.

STEP 5C. CARGO LINER EXTENSION

The Cargo Liner Extension provides superior protection to the rear seats when purchased in conjunction with a REAR PLUS option. (Image 3)

- The Cargo Liner Extension is designed to attach to a Rear Plus version liner.
- It provides additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
- It does not offer full protection to the rear doors

The Bumper Flap and the Floor Extension cannot be added at a late date

STEP 5D. FREQUENT USE INSTALLATION KIT

- If you frequently remove/install your cargo liner from/to your vehicle please note that the carpet will "fluff" up – we have an alternative "Frequent Use Installation Kit" (image 4+5)

The Frequent Use Installation Kit is available to buy from our online store. Simply add it to your order from the store. The kits can also be ordered at a later date.
