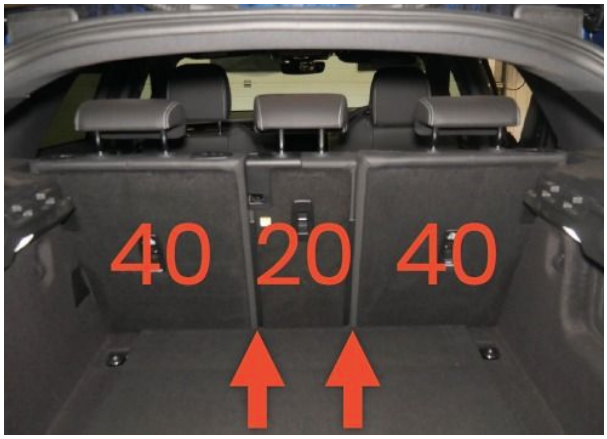
40/20/40

AVAILABLE

Rear seat configuration 60/40



(generic image)

Rear seat configuration is still required, even if you have selected the STANDARD or the REAR PLUS cargo liners without the split.

If you want your liner to have a split, please select the REAR PLUS WITH SEAT SPLIT option in step 2 of your order.

Depending on the configuration the head rests are in a different place so the liner needs to be sewn slightly differently.
